OPS PC

Fill your display's OPS slot with an on-board computer that brings you all the power of a desktop computer right to your display. As your organization continues to grow and demands more power, the OPS is easily swappable for a more powerful version.

| Windows 10/11 | 8 GB RAM | 1 TB HDD/SSD | USB Type-C Connection | Built-in WiFi | Powered by Intel Processor |

IFPD Floor Stand

Support your various workspaces with reliable products that are compatible with IFP displays. Mount your panel to a wall or choose a more mobile mounting solution that best fit for your needs.

Wireless Presentation System
INTERACT WP40

(4K BYOD & BYOM)

Participants can not only share their personal screens, but also use their laptops to easily access camera and microphone from large screen for starting a video conference.

Application Areas

Language Lab

Corporate Office

Virtual Classroom

Distance Learning

Board / Conference Room

Computer Lab
